A Tribute to Raël...to the crazy ones.

To the crazy ones!
To the enlightened!
To the rebels!
To the activists!
To those who are different!
To those who think differently!
They aren't fond of rules and have no respect for status quo!

One can praise them or disagree with them.
One can refer to them or choose not to believe in them.
One can sing praises or denigrate them.
But they will never be ignored!
Because they change things!
They invent. They imagine. They cure.
They explore. They create. They inspire.
They push human kind to go further, to surpass itself!
They may have to be mad to do so!

As, how can one stare at a blank canvas and see a masterpiece?
How can one, seated in silence, listen to a piece of music that has never been written?
Or look at a red planet in space and see a laboratory on wheels?

While some are saying they are crazy,
We see geniuses there!

**BECAUSE THOSE WHO ARE CRAZY ENOUGH TO THINK THEY CAN CHANGE THE WORLD
ARE THOSE WHO ACTUALLY CHANGE IT !**

So, crazy or genius ?

WORDS of OUR BELOVED PROPHET

Warren Buffett Honorary Guide of the Raelian Movement

For being such a great example in giving away his fortune, RAEL, the spiritual leader of the Raelian Movement, has given Warren Buffett the title of Honorary Guide.

The world's second richest man has announced he will start giving away 85% of his wealth in July - part of it to the Bill & Melinda Gates Foundation as well as to other foundations aiming for a better education and a better life for millions of human beings on this planet.

This title was also given to Bill Gates in July 2004 when he gave three billion dollars to a charitable trust. The Raelian Movement Honorary Guides which are now close to thirty in number are exemplary individuals who are giving their wealth, their talent and their energy for a better humanity.

"Honorary Guides like Warren Buffet and Bill Gates are the real saints of this modern age. We cannot build a better world with prayers nor with weapons, but we can do it by giving love and their acts are real acts of love" declared the Prophet Rael.

He also added: "To learn about the generosity of Warren Buffett gives me hope for Humanity. In a last judgment, who do you think would win? Warren Buffet who gave 37 billion dollars to better education and health or George W Bush who already spent 700 billion dollars - not even his money- for illegal wars and illegal occupations?"

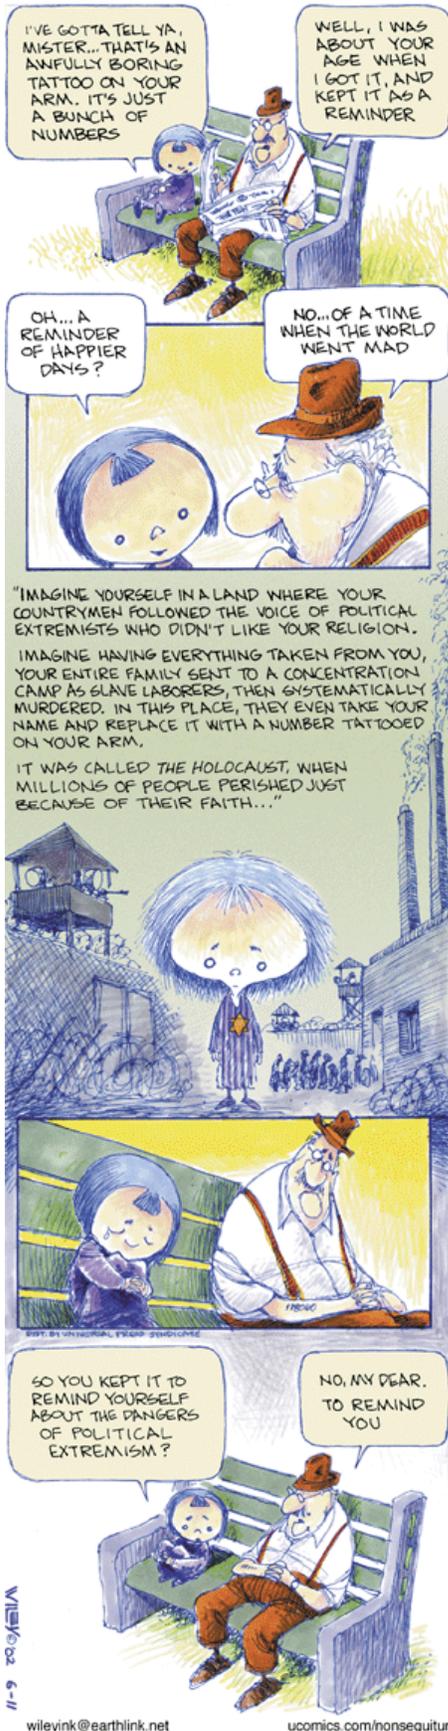

About the Holocaust

A chain email is being sent around lately saying the following:

The thing to remember is that the six million Jews who were murdered would, today, be the parents and grandparents of 20 million.

IN MEMORIAM - The event that cannot ever be erased!

It is now more than 60 years after the Second World War in Europe ended. This e-mail is being sent as a memorial chain. It was launched during Passover 2005 "The Jewish Holiday of Freedom" until Holocaust Memorial Day, in memory of the six million Jews who were massacred during the Holocaust. This e-mail is intended to reach six million people around the world!

Join us and be a link in the memorial chain and help us distribute it around the world.

The Prophet RAEI made the following comments about it:

"This is beautiful and true, but we must also add the hundreds of million of others who are not born because their ancestors were killed by white people: not only those victims of Nazism in concentration camps like the Gypsies or Jehovah witnesses, but also the Armenians, the black victims of slavery or colonialism, as well as the Incas, Mayas, American Indians, Arabic peoples, Kurds, etc, and nowadays Chechens and Palestinians. That would be much more than 20 million but probably close to 2 billion people... Remembering only the non-born Jews would be a worst racism than the one which killed precisely this Semitic population. We must remember all the victims of genocides and the number of descendants they could have if they were not killed."

Love RAEI

Incentives to have more children is a crime against humanity

A recent census in Japan showed that the country has a greater proportion of older people than anywhere else on the planet - almost 27 million of them while the ratio of children under 15 is also lower than anywhere else in the world. Also three out of five women in their late twenties are unmarried, and a third of those in their early thirties. The Japanese government is now looking at incentives for people to have more children, providing matchmaking services, better child care, and encouraging fathers to take paternity leave.

Here is what the Prophet RAEI declared after learning about these numbers:

"This decrease in child birth is a wonderful trend to reduce the world population. All "nationalist" politicians with shortsighted views trying to have incentives for couples to have more children are committing a crime against humanity as the world population should be reduced. And of course

in this process the percentage of old people will increase which is absolutely normal and very good for the future as the Earth resources and energy can only sustain a certain number of people."

Support to Mariela Castro

Our Beloved Prophet has just expressed his support to Mariela Castro, Fidel Castro's niece who is leading a revolution in favor of sexual tolerance within Cuba's macho society.

She recently promoted a soap opera that scandalized Cubans by sympathetically depicting bisexuality. She is now pushing for passage of a law that would give transsexuals free sex-change operations and hormonal therapy in addition to granting them new identification documents with their changed gender. It is expected to come up for a vote in December.

When asked whether she plans to push legalization of gay marriages, she says that her group will identify if it corresponds to homosexuals' and lesbians' needs, but also adds: "Marriage is not as important in Cuba as in other more Catholic countries. Here consensual pairing is more important," she said, "What matters is love."

Well, a very Raelian perspective so far J

Our Beloved Prophet has expressed his wish to meet her.

The MOVEMENT'S LIFE

In Quebec, the party has already started!

By Jean Riendeau

On June 18th, the Raelians of Montreal had their last monthly gathering of the year, their last gathering before the yearly seminar to be held in Valcourt, in the Prophet's Gardens from July 16th to July 23rd. It was the occasion for them to learn about the new features that are in the programme of the new seminar cycle starting in Canada each year.

A few Guides like Nicole Bertrand and Michel Chabot, gave a brief description of their workshops. Daniel Chabot, planetary responsible for teaching, introduced a new workshop that will be lead by Mehran Sam about Science, a workshop that will be spread over two days, a first in our seminars!

Emmanuel Comte took the participants to a wonderful trip-meditation in the galaxy, taking our consciousness to the land of the Elohim with his melodious voice and very unique sounds that he grabs in the Infinite for us. He then guided us back to the Prophet's Gardens and to the beautiful stage landscape prepared by Orev.. the lake on the screen, a real tent, balloons, benches... the seven

year old child in us was fully awake and ready to play !

You should have seen the two Guides, Michel and Daniel Chabot coming on stage with their petanque balls J We were all so enthusiastic that we couldn't stay in our chairs when Joseph, the seminar coordinator and his team, came on stage as well with their colorful wigs accompanied with loud disco music.... Yes, the party has already started, we will all be thereJ

And let's not forget that the party will be at its peak when our Beloved Prophet will open the doors of His gardens, guiding our consciousness as only He knows how to, on the road towards the stars.

See you all then at the Prophet's Gardens on Saturday July 15th for the registration and on Sunday the 16th, in the morning, for the grand opening. For more info, go to www.rael.org.

Regarding seminars, we just received these beautiful words from Roberta, an Italian Guide from Rome, who wanted to invite you to the European seminars which will be held in Slovenia from July 30th to August 6th... I let you taste it, feel it.... Mmmm

The seminars... because the "land of toys" is in us!

The Raelian seminar is the right place to live a week of fun, of laughter, of a philosophy of pleasure without limits, a philosophy that warms us up in this era of inner-frost because of all the tensions in the air that pollute our hearts, because of the disagreements everywhere, the religious fanatics, the crises, the moral and physical abuses... in this era of lack of love!

"The supreme manifestation of consciousness is love", our Beloved Prophet reminds us. And these seven days together will be a bath of love. Our consciousness will get oxygen, just like the dolphins jumping above the water to oxygenate themselves before going back into their ocean of habits.... It will be a week of intense pleasure!

We will do all we can so that these 7 days become a real "Toy-land" like in the Pinocchio story and you will participate in making it happen. Like the great Italian actor Roberto Benigni says: " Toy-land exists, it is inside everyone of us", and we are all little Pinocchio, as, like him, we are telling lies to ourselves, the lies we tell the child inside of us when we convince him that we are what we choose, while, in reality, we are what others chose we should be!

So, during these seven days, let's learn how to stop telling ourselves lies and let's dig in our inner Toy-land so that we can transform this planet into an amusement planet. That's the true religiosity, not the one some people pretend to teach us at school or in the Churches, trapping us with taboos, dogmas, paradigms, fears that stifle the child in us,

break its dreams and make it become little Pinocchio who grows up surrounded with lies, the lies he tells to himself, a little child who is desperate to feel free.

"The true religiosity always frees" (Raël).

So, if you want to live these seven days of religiosity with the wish to learn how to keep it pure so that you can spread it when you come back to your ocean of habits, come and free your Pinocchio, the rigid, woody liar, and transform it into a child made of flesh and bones, ready to live.

And you will see that this purity will bring back the beauty you had in the beginning, and little by little, the whole planet will get its original beauty as everything influences everything. And it is our joy of life that will influence this Humanity towards more joy..

So, don't miss the seminar and have fun!

In Argentina

By Daniel Turcotte, Continental Guide for Latin America

The Argentinean artist Fraticelli has received the book of the Messages !

The internationally famous Argentinean painter, Onofre Roque Fraticelli has recently showed lots of enthusiasm to meet with the Prophet RAEL, following a letter of support that he asked to forward to him a few months ago. Finally, the National Guide of Argentina, Raul Cordoba (Rolly) went to visit him at one of his expos in Buenos Aires and was able to give him the Messages this week.

Congratulations Rolly.

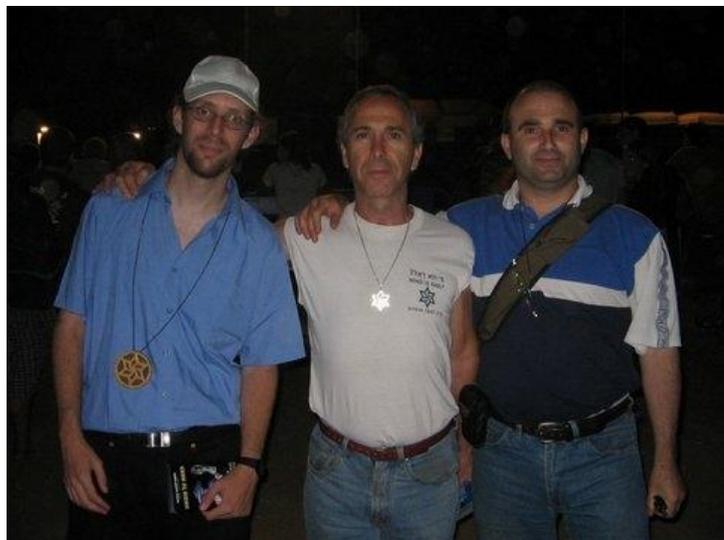

On the picture, Rolly (on the left) and the artist Fraticelli.

In IsRael

*By Leon Mellul, Continental Guide
"Middle East"*

Recently Roger Walter singer of the Pink Floyd group was in isRael, in Neve Shalom, a village build by Jews and Muslims where they live in peace. He gave a concert were 55,000 mostly pacifist people attended...

Koby handed the books "Intelligent Design" and "the Maitreya" to his producer with a

wonderful letter to his attention written by the US National Guide Ricky Lee... Sharon, Koby, Hagay and Rony attended the concert and gave out about 400 flyers. What a great team :-))

Chicago, USA

By Alaric, Guide of Illinois

What an amazing day. Here in Chicago we went out diffusing at the Gay Pride Parade, four dedicated Peace Warriors with our Prophet's beautiful Fatwa of Love postcard, which sends our love not only to all the gay people in the world, but also to their persecutors, because obviously they need love too, or they wouldn't be persecuting. Alfredo, Eduardo, Peter, Sarah, and I went out into the streets where there must've been - I don't know - half a million people? And we passed out Love postcards all day long, we passed out thousands, and we got incredible responses. We even filmed an interview with a representative of Amnesty International who absolutely loved the work (play!) we were doing and said so on camera. (Look for her (and us!) on RaelTV soon!) She was so moved by the Fatwa of Love that she ended up hugging us all, and it was a moment that we really appreciated the beautiful work (play!) we are doing on this planet, spreading Love and the Freedom to be who we are. And to make the experience even better, our Raelian brothers and sisters at the Gay Pride parades in Toronto and San Francisco were waging their love-actions at the same time, so we felt really connected to the whole continent. The Gay Pride parades are such fabulous places to be because there are so many people being who they really are freely without inhibition or fears of judgment, and having so much FUN doing it! I wish the whole planet was like this!

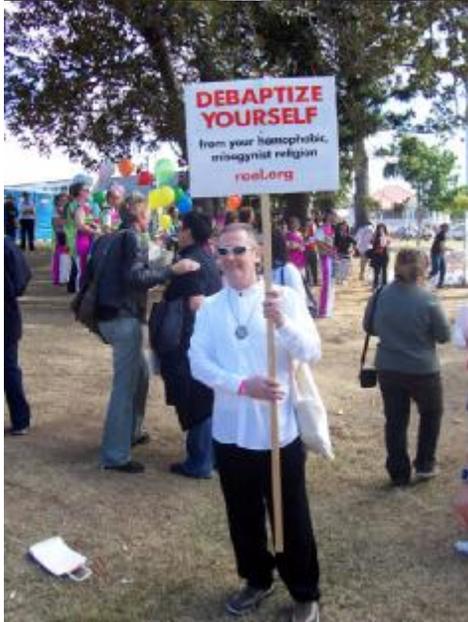

Thank you dear Prophet for bringing me this beautiful hope.

And I wish to share one other moment, that moment just before beginning our playing, when, surrounded by the milling crowd, we all stopped, Eduardo, Alfredo, Peter, Sarah, and I, and we held hands, and we gave our thanks to our Creators for giving us the opportunity to see the potential that humanity has, the beauty and the richness. Thank you, Elohim. We love you.

In Brisbane, Australia

By Luke Robert, Guide in charge of Aramis Oceania

Below are a few images from the Pride Festival in Brisbane. There was a GREAT deal of interest in our stall, a lot of people in the march and thousands at the Fair itself. We sold books and gave away hundreds of Fatwa postcards.

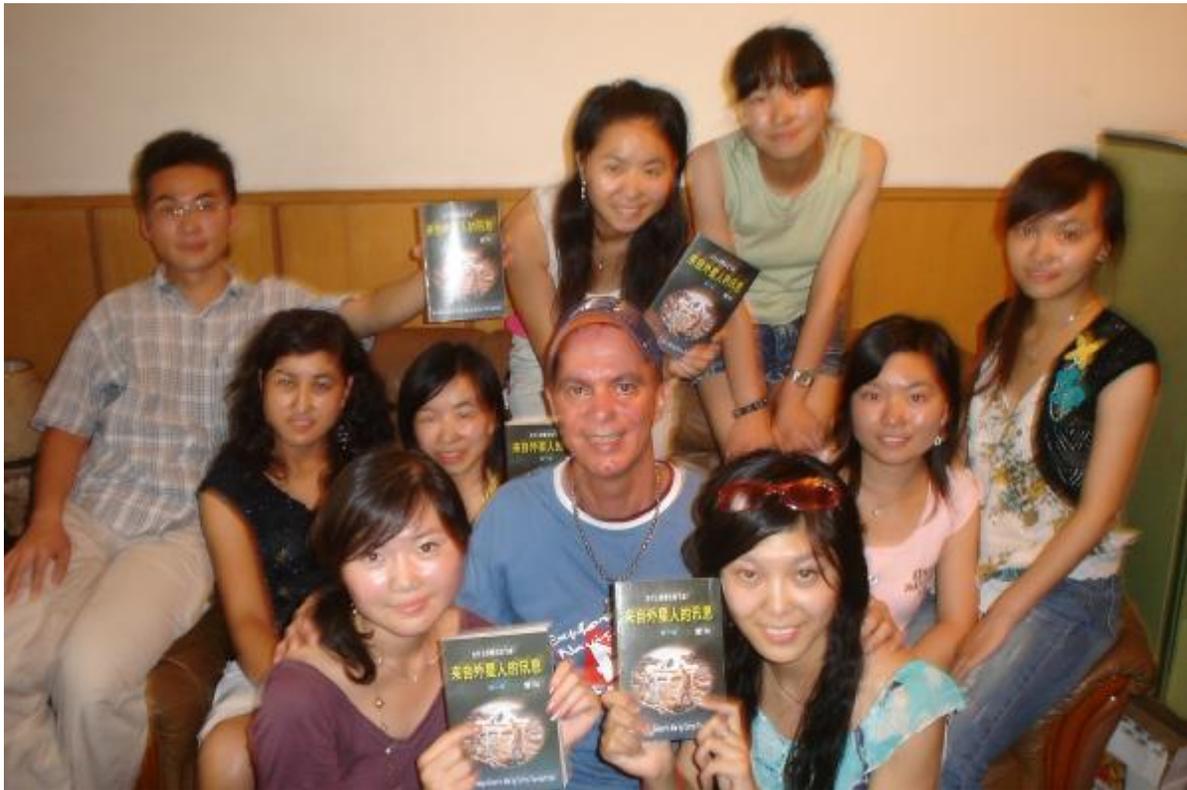

The crowd was particularly interested in the Raelian view on homosexuality, which we had enlarged as a sign.

In Shanghai, China

By Richard Grégoire, level 3

It has now been two years since I moved into the fabulous city of Shanghai in China, This town is full of young adults and full of vitality. I have been teaching at universities there for two years now. I have had the privilege to be with lots of students who are eager to learn and discover new things.

already sold several books and on June 29th, I organized my second Video-Lunch since I arrived, at my place, with ten of my female and male students. We ate together, we watched videos about the Raelian Movement with Chinese subtitles and finally, we talked. It has been such a wonderful experience to see their eyes shining with excitement and curiosity. They asked lots of questions and were very receptive to my answers. I hope some of them will participate in the Chinese seminar in October. Already one of my students attended the seminar last year.

My American friend Robert Hill did his first seminar last year in Canada, so he should be able to help me this year in the wonderful city of Shanghai. China is on the move....

Lyon, France

By Sarahdji

Uriel was in Lyon on June 24th to give a conference entitled "Africa, wake up". He managed to initiate a lively debate after his talk that brought people to a high level and gave them the desire to be active.

Later, our host in the restaurant Tropic, told Uriel: "Please give me lots of documents and a DVD so that I can play it here and let my customers know about you. I have customers of all kinds. Last week, I hosted a seminar of African

scientists ! Think about it, I didn't know there were African scientists".

Thank you Prophet of love to let us live this wonderful adventure.

Prague, Czech Republic

By Jean Luc

We are just coming back from Prague where we gave our first conference in the Czech language.

We were a very small team, Guyom, Nora and myself (from France) but rather efficient J . Within two days, we managed to create all our diffusion materials, Nora did all the layouts and we finally gave out 1,300 pamphlets and posted 90 posters.

We stayed there for only two days and, thanks to Adam, a Czech friend of mine who reserved a room and found a translator, Guyom was

able to give the first conference ever in Prague, in the Czech language (translated from English).

It has been a beautiful experience to make this first step. We will be better for our next step as we learned a lotJ .

It felt good also to be in a country where policemen come to us to get pamphlets with a smile and let us post our posters anywhere... a country where our posters stay in place for more than two days in a row... wow, looks like paradise!!

See you soon in Slovenia

SPAIN

By Eloise

The Pope will be visiting Valencia, a city in Spain, and though he has some followers, there are also many groups who oppose his coming. Some groups have organized Apostasy Campaigns in the streets of Valencia placing tables with apostasy papers to sign which made news appearing on TV.

Joining in this protest against the coming of the Pope and his backward policies, there is a letter written by a Valencia priest who is gathering signatures from those people who wish to express their opposition.

Below is the translation of the letter, which we thought could be of interest.

The reason why I am not waiting for you, Benedict XVI.

Letter from a priest

- 1- Because you attack euthanasia and defend the value of suffering.
- 2- For considering abortion as a homicide in all instances

- 3- Because you turn divorce into a very difficult matter and convert the life of a couple into a living hell for them and for their children, which leads to domestic violence
- 4- For preventing other kinds of marriages or unions, which do not cause any harm whatsoever neither do they represent an attack to conventional marriages. It is a false statement to say that the traditional family in Spain is suffering any type of attack as your bishops claim.
- 5- Because you have homophobia against homosexuals, in considering that they have a moral deviation, an illness or a sin
- 6- For wanting to teach religion in an obligatory manner to everyone, instead of reserving this for the family environment or to the same faith community
- 7- Because you do not respect secularity which is the original status of the individual
- 8- For opposing the utilization of stem-cells, which could save so many lives
- 9- Because you continue baptizing children, who are beings, unconscious of the act they are receiving
- 10- For converting the communal sacrament of boys and girls into an act of ostentation and riches, contravening the life of Jesus-as-a-poor-man
- 11- For silencing your bishops and priests in the villages' festivities when honoring the Saints and the Virgins, when there is torture and killing of innocent and defenseless animals
- 12- Because you refuse the condoms, which is an indispensable element to regulate the number of children and avoid AIDS
- 13- For accumulating riches in the Vatican and in all the temples of your church, having Jesus said that He had no place to recline his head
- 14- Because you and the hierarchy which you manage wishes for power, even though the Teacher came to serve and not to be served
- 15- For refusing the pill, which is an effective way to exert a responsible paternity
- 16- Because you are "distributors of sacraments" instead of being transmitters of the Good News
- 17- For imposing celibacy onto all priests, knowing well that this was not the way it was done in the primitive church
- 18- Because you have converted the Church into an enormous bureaucracy distancing yourselves from the simplicity of the first Christians
- 19- Because a large part of the clergy insists on living "off the altar", instead of earning their bread with the sweat of their brows and to freely give that which was freely given to you
- 20- Because you lack strength in rejecting wars and in condemning those who initiate them

- 21- For not opposing yourself directly to those states which apply the death sentence: China, Iran, USA, etc
- 22- Because you give a wrong message about Christmas. Christ does not get born again. And if he is someplace, he is among the poor, emigrants, disinherited, etc.
- 23- For transmitting during the Holy Week a message which is alien to the Gospels. To suffer for others is heroic; but this does not transcend. To give one's life for others, yes, that fits with the Passion.
- 24- Because you are going to provoke a public expense (from the money of believers and non-believers) which is a total scandal: floral adornments (46,000 Euros), music bands every x meters, gigantic stage (600,000 Euros), lodgings for thousands of priests and bishops, the painting of 80 kilometers of fences in white and yellow, etc.
- 25- For not placing women in the place they belong to in the church which you manage
- 26- Because you did not ask for forgiveness when you went to Auschwitz, due to the fact that the Vatican and the Church contributed to the death of many Jews in concentration camps
- 27- For having persecuted and condemned the Theology of the Liberation, the Theology of the Poor, when you managed the Congregation of the "Holy" Office
- 28- Because your coming will turn into a spectacle for the masses, in a big circus, where one will be able to buy and sell all kinds of "souvenirs", but which will leave a big emptiness. (Remember the expulsion of the merchants from the Temple)
- 29- For having placed a condition for your coming (either you or your envoys): a micro-climate for yourself. A few "bridges" beyond, in the one of Ademuz, there are hundreds of Sub-Saharan people who do not possess the minimum elements for a decent living
- 30- Because the Altar where you will celebrate the Misa is an example of sumptuous waste. There is in our community barracks in place of classrooms, long waiting lists for patients, dirt and rats in the streets of Valencia, etc
- 31- For your interference in the internal matters of the Spanish government (Remember your last interview with the Spanish Ambassador)
- 32- Because your bishops meddle in political matters, always leaning in favor of the most reactionary right wing
- 33- Because the Theological Congress which will be celebrated a few days before your coming, will be manipulated by the most fundamentalist people, such as the Opus Dei, the Legionaries or the "kikos"
- 34- For having manipulated those who have prepared your coming, the poor families of the third world, who are going to sell their farms, animals and lands in order to come and see you
- 35- Because I believe that it is incompatible to be the Visible Head of the believers and Chief of the State of the Vatican. "My kingdom is not from this world", said Jesus before Pilatos (John 18:36)

36- Because the majority of bishops and priests do not denounce the torture in countries where it is practiced (you waste your time talking about sex and other subjects related to sex)

37- For not denouncing the aggressions to our Planet, which was given to us by the Creator (s) much more beautiful than it is nowadays

38- Because you do care, with high priority attention, about the people who suffer from hunger and the miseries of the Third World, something which John Paul I did do, thought it was impossible for him to put it into practice due to his very short pontificate and his mysterious death
